TRUST IN OUR TRADITIONAL BRAND QUALITY

Targeted foot care since 1962: peclavus®. Even though there were only very few specific care products to begin with, over the years peclavus® became a brand well-known for its care and treatment range with over 125 different formulations covering almost all requirements of foot, body, hand, and nail care. peclavus® has a tradition as a quality label. This brochure provides useful information on the gentleman range.

PUT YOUR BET ON NATRUE-CERTIFIED PRODUCTS

All certified peclavus® natural cosmetics are certified by NATRUE, the international quality label for genuine natural organic cosmetics. Throughout the world, this label is only awarded to products meeting NATRUE's exceptionally high standards of naturalness and quality, for example:

WITHOUT

- synthetic fragrances or dyes
- ingredients from petrochemicals such as paraffins (synthetical preservatives) or PEGs (synthetic emulsifiers)
- silicone oils
- irradiation of end products or herbal ingredients
- genetically modified ingredients
- animal testing, also outside of EU
- harmful propellants

WITH

- natural and organic ingredients
- ingredients that can be returned into the cycle of nature
- sustainable production process

TAKE ADVANTAGE OF ECO-CONSCIOUS PRODUCTION

The skin is not only our largest sensory organ, it also has enormous self-healing powers. The aim of the peclavus® development is to support these self-healing powers in a natural way. Very antiallergic and skin-friendly products are ensured by manufacturing processes where we place particular emphasis on environmental impact, modern filling lines and uncompromising standards of hygiene and quality control.

INGREDIENTS

ALOE VERA

ALOE BARBADENSIS

A highly fluid and colourless gel, derived from aloe vera leaves after the removal of their fibre constituents. The natural juice of the aloe vera leaf contains 160 different natural substances: Trace elements, vitamins, mono and polysaccharides, etc. have moisturising, regenerative, calming and soothing effects.

JOJOBA OIL

SIMMONDSIA CHINENSIS SEED OIL

Extracted from seeds of the jojoba shrub by cold pressing. It provides an excellent raw material for creams, lotions, massage oils, and skin nourishment oils. Regenerates, retains moisture, and soothes. The skin quickly absorbs this liquid wax. Very good skin compatibility.

ALMOND OIL

PRUNUS AMYGDALUS DULCIS OIL

Obtained from the sweet stone fruit of the almond tree. This oil is a mild vegetable oil with smoothing and lipid regulating properties. Its structure resembles the skin's upper lipid layer and is therefore particularly well absorbed.

SHEA BUTTER

BUTYROSPERMUM PARKII BUTTER

Shea butter is the fat obtained from the seeds of the shea tree. Precious vitamins and care substances improve the skin's moisture absorption, leaving it soft and smooth.

GRAPE SEED OIL

VITIS VINIFERA SEED OIL

This is a light oil that has antioxidant and skin cell regenerative properties. It also promotes the skin's micro-circulation and has a firming effect on the connective tissue. In addition, it supports the formation of collagen and has therefore a skin-rejuvenating effect.
