

52. A. tibialis anterior
 52. Anterior tibial artery
 53. N. fibularis (peroneus) superficialis
 53. Superficial fibular (peroneal) nerve
 54. A. tibialis posterior
 54. Posterior tibial artery
 55. N. tibialis
 55. Tibial nerve
 56. R. superficialis arteriae plantaris medialis
 56. Superficial branch of medial plantar artery
 57. R. profundus arteriae plantaris medialis
 57. Deep branch of medial plantar artery
 58. N. plantaris medialis
 58. Medial plantar nerve
 59. A. plantaris lateralis
 59. Lateral plantar artery
 60. N. plantaris lateralis
 60. Lateral plantar nerve
 61. Arcus plantaris profundus
 61. Deep plantar arch
 62. R. profundus nervi plantaris laterali
 62. Deep branch of lateral plantar nerve
 63. N. digitalis plantaris communis
 63. Common plantar digital nerve
 64. A. digitalis plantaris communis
 64. Common plantar digital artery
 65. N. digitalis plantaris proprius
 65. Proper plantar digital nerve
 66. A. digitalis plantaris propria
 66. Proper plantar digital artery
 67. R. perforans anterior
 67. Anterior perforating branch
 68. Tibia
 68. Tibia
 69. Malleolus medialis
 69. Medial malleolus

70. Membrana interossea
 70. Interosseous membrane
 71. Fibula
 71. Fibula
 72. Malleolus lateralis
 72. Lateral malleolus
 73. Calcaneus
 73. Calcaneus
 74. Talus
 74. Talus
 75. Os cuboideum
 75. Cuboid bone
 76. Os naviculare
 76. Navicular bone
 77. Os cuneiforme mediale
 77. Medial cuneiform bone
 78. Ossa metatarsi;
 ossa metatarsalia (I)
 78. First metatarsal bone
 79. Ossa metatarsi;
 ossa metatarsalia (V)
 79. The fifth metatarsal bone
 80. Os sesamoideum
 80. Sesamoid bone
 81. Unguis
 81. Nail

Abbreviations for the Latin terminology

A.	= Arteria
Lig.	= Ligamentum
M.	= Musculus
Mm.	= Musculi
N.	= Nervus
R.	= Ramus

English

- | | | |
|---|---|--|
| 1. M. tibialis anterior | 19. Tendo calcaneus | 36. M. flexor hallucis brevis |
| 1. Tibialis anterior muscle | 19. Tendo calcaneus | 36. Flexor hallucis brevis muscle |
| 2. Tendo musculi tibialis anterioris | 20. M. soleus | 37. Caput obliquum musculi adductoris hallucis |
| 2. Tibialis anterior tendon | 20. Soleus muscle | 37. Oblique head of adductor hallucis muscle |
| 3. M. extensor hallucis longus | 21. Not available | 38. Caput transversum musculi adductoris hallucis |
| 3. Extensor hallucis longus muscle | 21. Fatty tissue | 38. Transverse head of adductor hallucis muscle |
| 4. Tendo musculi extensoris hallucis longus | 22. M. flexor digitorum longus | 39. Mm. interossei plantares |
| 4. Extensor hallucis longus tendon | 22. Flexor digitorum longus muscle | 39. Plantar interosseous muscles |
| 5. M. extensor digitorum longus | 23. Tendo musculi flexoris digitorum longi | 40. Lig. plantaris longum |
| 5. Extensor digitorum longus muscle | 23. Flexor digitorum longus tendon | 40. Long plantar ligament |
| 6. Tendo extensoris digitorum longi | 24. M. flexor hallucis longus | 41. N. cutaneus dorsalis medialis |
| 6. Extensor digitorum longus tendon | 24. Flexor hallucis longus muscle | 41. Medial dorsal cutaneous nerve |
| 7. Retinaculum musculorum extensorum superius | 25. Tendo musculi flexoris hallucis longi | 42. N. cutaneus dorsalis intermedialis |
| 7. Superior extensor retinaculum | 25. Flexor hallucis longus tendon | 42. Intermedial dorsal cutaneous nerve |
| 8. Retinaculum musculorum extensorum inferius | 26. M. tibialis posterior | 43. N. cutaneus dorsalis lateralis |
| 8. Inferior extensor retinaculum | 26. Tibialis posterior muscle | 43. Lateral dorsal cutaneous nerve |
| 9. Tendo musculi fibularis tertii | 27. Tendo musculi tibialis posterioris | 44. A. dorsalis pedis |
| 9. Fibularis (peroneus) tertius tendon | 27. Tibialis posterior tendon | 44. Dorsal artery of foot |
| 10. M. extensor hallucis brevis | 28. Aponeurosis plantaris | 45. R. plantaris profundus |
| 10. Extensor hallucis brevis muscle | 28. Plantar aponeurosis | 45. Deep plantar branch |
| 11. M. extensor digitorum brevis | 29. M. abductor hallucis | 46. Aa. arcuatae |
| 11. Extensor digitorum brevis muscle | 29. Abductor hallucis muscle | 46. Arcuate arteries |
| 12. Mm. interossei dorsales | 30. M. flexor digitorum brevis | 47. A. metatarsalis dorsalis |
| 12. Dorsal interossei | 30. Flexor digitorum brevis muscle | 47. Dorsal metatarsal artery |
| 13. Tendo musculi peronei longi | 31. Tendo musculi flexoris digitorum brevis | 48. A. tarsalis dorsalis |
| 13. Peroneus longus tendon | 31. Flexor digitorum brevis tendon | 48. Medial tarsal artery |
| 14. M. peroneus brevis | 32. M. abductor digiti minimi | 49. A. metatarsalis dorsalis |
| 14. Peroneus brevis muscle | 32. Abductor digiti minimi muscle | 49. Dorsal metatarsal artery |
| 15. Retinaculum musculorum peroneorum (fibularium) superius | 33. M. flexor digiti minimi brevis | 50. A. digitalis dorsalis |
| 15. Superior fibular (peroneal) retinaculum | 33. Flexor digiti minimi brevis muscle | 50. Dorsal digital artery |
| 16. Retinaculum musculorum peroneorum (fibularium) inferius | 34. M. quadratus plantae | 51. N. fibularis (peroneus) profundus |
| 16. Inferior fibular (peroneal) retinaculum | 34. Quadratus plantae muscle | 51. Deep fibular (peroneal) nerve |
| 17. Lig. talofibularis anterior | 35. Mm. lumbricales | |
| 17. Anterior talofibular ligament | 35. Lumbricales muscles | |
| 18. Retinaculum musculorum flexorum | | |
| 18. Flexor retinaculum | | |
