Well-being for  
body and soul

CERTIFIED  
NATURAL PRODUCT

## TRUST IN OUR TRADITIONAL BRAND QUALITY

Targeted foot care since 1962: peclavus®. Even though there were only very few specific care products to begin with, over the years peclavus® became a brand well-known for its care and treatment range with over 125 different formulations covering almost all requirements of foot, body, hand, and nail care. peclavus® has a tradition as a quality label. This brochure provides useful information on the wellness range.

### PUT YOUR BET ON NATRUE-CERTIFIED PRODUCTS

All certified peclavus® natural cosmetics are certified by NATRUE, the international quality label for genuine natural organic cosmetics. Throughout the world, this label is only awarded to products meeting NATRUE's exceptionally high standards of naturalness and quality, for example:

#### WITHOUT

- synthetic fragrances or dyes
- ingredients from petrochemicals such as paraffins (synthetical preservatives) or PEGs (synthetic emulsifiers)
- silicone oils
- irradiation of end products or herbal ingredients
- genetically modified ingredients
- animal testing, also outside of EU
- harmful propellants

#### WITH

- natural and organic ingredients
- ingredients that can be returned into the cycle of nature
- sustainable production process

## TAKE ADVANTAGE OF ECO-CONSCIOUS PRODUCTION

The skin is not only our largest sensory organ, it also has enormous self-healing powers. The aim of the peclavus® development is to support these self-healing powers in a natural way. Very antiallergic and skin-friendly products are ensured by manufacturing processes where we place particular emphasis on environmental impact, modern filling lines and uncompromising standards of hygiene and quality control.

## FINDING YOUR IDEAL PRODUCT MADE EASY

The new peclavus® icons provide a simple and clear overview of the products' application types and areas, respectively. Additionally, you can see at a glance whether or not a product is vegan or a natural cosmetic product certified by NATRUE:

100% vegan

## INDULGE YOUR SKIN WITH INTENSE CARE

Stressed skin can evoke unpleasant sensations. To avoid this, you should treat your skin to additional intense care. Of course, peclavus® offers suitable care products. You'll see: Active ingredients offer precious moisture and support the skin to achieve a visible regenerative effect.

### ADDITIONAL CARE

#### YOGHURT CUCUMBER FACIAL MASK

peclavus® wellness yoghurt cucumber facial mask gently and intensely moisturises all skin types. The liberating fresh cucumber scent and the refreshing yoghurt combine with activating apricot kernel and nurturing almond oil. Natural vitamin E and moisturising organic aloe vera are quickly absorbed by the skin. In addition, precious hyaluron promotes skin cell regeneration, leaving the skin refreshed and aglow.

5604701 | 30 ml

#### ALOE VERA

Aloe vera gel's moisturising, regenerative, and healing properties can be attributed to the holistic interaction of the substances contained. The decisive factor for the healing properties is the sugar compound of aloe vera. Aloe vera gel helps irritated skin to quickly regenerate on tissue level, e.g. offering fast relief for sunburnt skin. The gel forms a protective layer that is both moisturising and cooling.

#### GOOD TO KNOW

peclavus® wellness

#### ALOE VERA MOISTURISING GEL

peclavus® wellness aloe vera moisturising gel indulges stressed skin with cooling moisture and balance. The exquisite ingredients complement each other perfectly and are quickly absorbed. Precious organic aloe vera provides intensive moisture, beneficial and stimulating lime and cajuput oil give a fresh feel and have an all-around relaxing effect on your skin.

5604301 | 30 ml

5604303 | 200 ml

A balm for body and soul – now also available as a gift set: The scent of the queen of nuts and the sweet and familiar fragrance of honey release feelings of profound inner calm and security.

5606801

## INGREDIENTS

### APRICOT KERNEL OIL

PRUNUS AMENIACA KERNEL OIL

It has a cell regenerative and moisture-retaining effect thanks to its high content of linoleic acid (contributes to a firmer skin appearance). High content of oleic acid and vitamin E. Perfect for all skin types.

### POMEGRANATE

PUNICA GRANATUM

Contains plant-based isoflavones (phytohormones). They stimulate the metabolism and active skin cell regeneration. The extract revitalises dry and highly stressed skin, increases elasticity, and has a softening effect.

### HYALURON

HYALURONATE

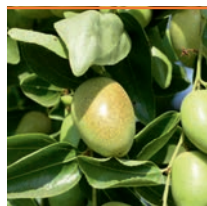

It has a great water binding capacity and regulates the skin's moisture balance. As a result, it increases elasticity and resilience. It has a particularly lasting anti-ageing effect because it also stimulates the regeneration of skin cells.

### YOGHURT

YOGURT

Its micro-nutrients can easily be absorbed by the skin and help prevent dryness. Other mineral nutrients, trace elements, and proteins add extra moisture and have a smoothing and regenerating effect. Yoghurt is often applied in facial masks.

### JOJOBA OIL

SIMMONDSIA CHINENSIS SEED OIL

Extracted from seeds of the jojoba shrub by cold pressing. It provides an excellent raw material for creams, lotions, massage oils, and skin nourishment oils. Regenerates, retains moistures, and soothes. The skin quickly absorbs this liquid wax. Very good skin compatibility.

## INGREDIENTS

### MACADAMIA NUT OIL

MACADAMIA TERNIFOLIA SEED OIL

It strengthens the skin's natural protective barrier. The oil has a high content of palmitoleic acid and regenerating and skin caring effects. Perfectly suitable for the care of dry skin.

### ALMOND OIL

PRUNUS AMYGDALUS DULCIS OIL

Obtained from the sweet stone fruit of the almond tree. This oil is a mild vegetable oil with smoothing and lipid regulating properties. Its structure resembles the skin's upper lipid layer and is therefore particularly well absorbed.

### SANDALWOOD OIL

SANTALUM SPICATA WOOD OIL

It is anti-inflammatory and antipruritic. Offers moisture and softness to the skin. It is also a favourite in aroma therapy due to its woody-elegant fragrance.

### SHEA BUTTER

BUTYROSPERMUM PARKII BUTTER

Shea butter is the fat obtained from the seeds of the shea tree. Precious vitamins and care substances improve the skin's moisture absorption, leaving it soft and smooth.

### GRAPE SEED OIL

VITIS VINIFERA SEED OIL

This is a light oil that has antioxidant and skin cell regenerative properties. It also promotes the skin's micro-circulation and has a firming effect on the connective tissue. In addition, it supports the formation of collagen and has therefore a skin-rejuvenating effect.
